4/4/5 REPORTING SCHEDULE: FY 2021-22

This report uses 4/4/5 (or '445') quarterly reporting periods, rather than fiscal quarter reporting:

- Fiscal periods are broken out by weeks, with each week starting/ending on the same day of the week
- Each fiscal quarter has a total of 13 weeks (1st and 2nd months have 4 weeks, 3rd month has 5 weeks)

Why 4/4/5?

- Year over year comparisons (by week, month or quarter) are easier, with the same number of Fridays, Saturdays and Sundays in each reporting period
- This approach will increase reporting consistency and year over year variance analysis

EXECUTIVE SUMMARY

FY 2021-22 Q4 (April 1, 2021 – March 31, 2022)

- Wagering: Gross bet on Ontario races grew significantly (+9.3%) on a year over year basis. Race days and races also improved (+12.5%) and (+14.9%). However, wagering was down on a per race basis (-4.9%).
- Horse Supply: Unique starters increased (+15.3% overall) driven by SB.

 Standardbreds had a significant increase (+27.5%), Thoroughbreds remained flat (-1.7%), while Quarter Horse had a large decline (-15.4%).
- **Financial:** Gross commissions increased versus last year (+9.6%) and other racetrack revenue increased by +19.8% largely due to the opening of the tracks in FY2021-22 and easing of the covid restrictions for customers both at tracks and teletheatres. This has impacted the Tickets sold at the racetrack as well which had a significant growth (+14068%) compared to last year

^{*} NOTE: This report is using a 4/4/5 quarterly reporting format, which consists of 4 weeks, 4 weeks and 5 weeks versus 3 calendar months. This format allows for better year over year reporting, as the same number of weekends will appear in a fiscal quarter. The fourth quarter covers the period from January 2, 2021, to March 31, 2022.
