New POWERBUCKS WATCH 'N WIN Theme

Your customers have a new experience when they play POWERBUCKS WATCH 'N WIN with the CLEOPATRA theme.

WHAT TO EXPECT

- The new CLEOPATRA theme is applied to the existing game. There is no change to the way the game is played, purchased or how prizing works.
- Each \$3 play still includes a chance to win the POWERBUCKS Progressive Jackpot instantly, plus a chance to win up to \$100,000 in the nightly draw.
- The POWERBUCKS WATCH 'N WIN prize structure applies to both themes.
- Each \$3 Quick Pick play generates a spin of the CLEOPATRA prize rings on the in-store CDU. Win instantly if the spin results in 3 matching prize amounts within the highlighted column.

The CDU animation reveals to the customer if they have won on the Instant Portion of the game. Animation is for entertainment purposes only. All results are based on lottery game odds.

UPDATED QUICK PICK SCREEN

The POWERBUCKS WATCH 'N WIN Quick Pick screen will now include two themes: new CLEOPATRA and WHEEL OF FORTUNE.
